Skookum

With the passing of time, the echoes of our school life will grow fainter and fainter, and then die away. Gone forever will be the routine of school life, the fun we had, and the friends we made. It is the hope of the 1961 SKOOKUM staff that, as you glance through this book in the years to come, you will recapture those moments--and the echoes will begin again.

Superintendent

On behalf of the Board of Education and the Administration of the Colville School District, I extend our congratulations to the high school graduating class of 1961.

I think that you may be justifiably proud of your past accomplishments but I also hope that this will only spur you on to even greater achievements in this world so filled with opportunities and challenges.

With these congratulations, may I express my thanks for having the privilege to have participated in some small way in your lives and to have worked with you.

This first year at CHS has been a real challenge to me, and I hope that each of you has found that same satisfaction in the numerous opportunities that have been made available.

My congratulations go to you seniors who are graduating this year. Your leadership and enthusiasm have been consistent with our school philosophy, and your academic advances warrant our faith in the future.

As all of you enter further endeavors, keep in mind that you become important and valuable when you can give of yourselves to something worth while. Therefore, it is very important for each of you to develop your potential and be ready to assume responsibilities as the opportunities occur.

Good luck and God bless you.

Student Council

The Student Council was the governing organization of our Student Body. It consisted of one representative from each homeroom, ASB officers, and the editors of the Skookum and the Indian Tribune. Much of the success of the student functions depended on the selected group of students.
